#### Policy expiry note

Policy POL-2024-001 expired 14-Jan-2025. Incident date 12-May-2026 15:40 is after expiry. Coverage requires renewal verification.

## 2. Coverage Applicability

Incident type: **Accident With Third Party**. Overall coverage confidence: **LOW**.

Note: Policy POL-2024-001 expired 14-Jan-2025. Incident date 12-May-2026 15:40 is after expiry. Coverage requires renewal verification.

| Section                                            | Clause ref                 | Status                       | Confidence | Notes                                                                         |
|----------------------------------------------------|----------------------------|------------------------------|------------|-------------------------------------------------------------------------------|
| Section I — Own Damage (Accidental External Means) | Section I, Clause 1(a)     | <b>REQUIRES VERIFICATION</b> | <b>LOW</b> | The policy expired on 14-Jan-2025, and the incident occurred after this date. |
| Section II — Third-Party Property Damage Liability | Section II, Clause 2       | <b>REQUIRES VERIFICATION</b> | <b>LOW</b> | The policy expired on 14-Jan-2025, and the incident occurred after this date. |
| Add-on — Zero Depreciation (Nil Depreciation)      | Add-on Schedule, Clause A1 | <b>REQUIRES VERIFICATION</b> | <b>LOW</b> | The policy expired on 14-Jan-2025, and the incident occurred after this date. |
| Add-on — Roadside Assistance (RSA)                 | Add-on Schedule, Clause R1 | <b>REQUIRES VERIFICATION</b> | <b>LOW</b> | The policy expired on 14-Jan-2025, and the incident occurred after this date. |

Overall coverage confidence: **LOW**

### 3. Active Exclusions — Requires Verification

Exclusions are flagged for adjuster review. Applicability is always REQUIRES\_VERIFICATION.

| Exclusion                                                         | Clause ref                                          | Confidence | Reason flagged                                                                                    |
|-------------------------------------------------------------------|-----------------------------------------------------|------------|---------------------------------------------------------------------------------------------------|
| Driving without a valid and effective driving licence             | General Exceptions, Clause 1                        | LOW        | The incident does not indicate any issues with the driver's license validity.                     |
| Mechanical or electrical breakdown                                | Section I, Exclusion Clause 4                       | MODERATE   | The incident involved a collision, but mechanical failure could be a factor in the accident.      |
| Consequential or indirect loss                                    | Section I, Exclusion Clause 5                       | HIGH       | The insured may claim for direct damages, but any indirect losses could be excluded.              |
| War, invasion and nuclear risk                                    | General Exceptions, Clause 4                        | LOW        | This exclusion does not apply to a road accident scenario.                                        |
| Driving under influence of alcohol, drugs or intoxicants          | General Exceptions, Clause 2                        | MODERATE   | There is no information indicating the driver was under the influence, but it needs verification. |
| Normal wear and tear and gradual deterioration                    | Section I, Exclusion Clause 3                       | HIGH       | Damage from the accident is likely not due to wear and tear, but verification is needed.          |
| Damage occurring outside the geographical coverage area (India)   | Policy Schedule — Geographical Area of Cover        | LOW        | The incident occurred within India, so this exclusion does not apply.                             |
| Vehicle driven by person not authorised by insured                | General Exceptions, Clause 1 — Driver Authorisation | MODERATE   | The driver's authorization status needs to be confirmed.                                          |
| Use of vehicle beyond the limitations of use stated in the policy | General Exceptions, Clause 3                        | MODERATE   | The incident description does not indicate commercial use, but needs verification.                |
| Use of vehicle for racing or speed testing                        | General Exceptions, Clause 5                        | LOW        | The incident does not involve racing or speed testing.                                            |
| Loss or damage intentionally caused by the insured                | General Conditions — Fraudulent Claims              | LOW        | There is no indication of intentional damage by the insured.                                      |

### 4. Waiting Period Status

|                       |                                                                                         |
|-----------------------|-----------------------------------------------------------------------------------------|
| Policy inception date | 15-Jan-2024                                                                             |
| Waiting period        | 30 days                                                                                 |
| Incident date         | 12-May-2026 15:4                                                                        |
| Days since inception  | 848 days                                                                                |
| Conclusion            | Waiting period has elapsed. Policy has been in force for 848 days at the incident date. |
| Confidence            | HIGH                                                                                    |

**Waiting period: NOT ACTIVE**

5. Claims History

36-month claim count — vehicle MH02AB4419

| Claim ID      | Claim date | Incident type             | Status  | Settled amount | NCB impact |
|---------------|------------|---------------------------|---------|----------------|------------|
| CLM-2023-0042 | 12-Oct-202 | Accident With Third Party | SETTLED | Rs.18,400      | Yes        |

|                                          |                                                                                                                             |
|------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Prior claims on this vehicle (36 months) | 1                                                                                                                           |
| Last claim date                          | 2023-10-12                                                                                                                  |
| Days since last claim                    | 943                                                                                                                         |
| Back-to-back flag                        | Not triggered                                                                                                               |
| 12-month cross-policy claims             | 0                                                                                                                           |
| Repeat claimant flag                     | Not triggered                                                                                                               |
| NCB cross-check                          | NCB is 35% on policy but 1 recent claim(s) show ncb_impact = TRUE. Verify whether NCB was protected via NCB_PROTECT add-on. |

## 6. Document Gap Checklist

Required documents for incident type: **Accident With Third Party**.

| Document                       | Criticality     | Status          | Action required            |
|--------------------------------|-----------------|-----------------|----------------------------|
| First Information Report (FIR) | <b>BLOCKING</b> | <b>RECEIVED</b> | No action needed.          |
| Registration Certificate (RC)  | <b>BLOCKING</b> | <b>RECEIVED</b> | No action needed.          |
| Driving Licence (DL)           | <b>BLOCKING</b> | <b>MISSING</b>  | At FNOL or within 48 hours |
| Vehicle Damage Photo Log       | <b>BLOCKING</b> | <b>RECEIVED</b> | No action needed.          |

## 7. Escalation Flag — Detail

**Escalation is ACTIVE — Senior Claims Manager Review Required**

Escalation flag set by Python conditional logic. Cannot be overridden by model or adjuster.

| Condition                    | Trigger logic                             | Status           | Adjuster instruction                                        |
|------------------------------|-------------------------------------------|------------------|-------------------------------------------------------------|
| <b>LATE_FNOL_OVER_7_DAYS</b> | FNOL received 18 days after incident date | <b>TRIGGERED</b> | Request written explanation from claimant. Refer to senior. |

| 8. Aging Risk Indicator |                   |
|-------------------------|-------------------|
| FNOL received at        | 30-May-2026 21:0  |
| Triage generated at     | 2026-05-30 21:05  |
| FNOL age at triage      | 0.02 hours        |
| Aging risk              | LOW               |
| IRDAI 24-hour SLA due   | 31-May-2026 21:05 |
| SLA status              | No breach         |
